

Go2Abroad — Connecting Dreams

Brand Book 2026

A research-backed visual and verbal identity system for a student-first overseas education ecosystem.

Website: go2abroad.co | Instagram: @go2abroad_ |

Prepared for Chakrapalit Narayan

Research Basis & Objective

Research Inputs

Official Go2Abroad website, public LinkedIn presence, public Instagram profile, previously shared internal Go2Abroad strategic and service documents, and current student mobility indicators.

Output

A practical brand book that can guide Canva creatives, Instagram posts, LinkedIn posts, website pages, WhatsApp broadcasts, event creatives, counselling decks and future AI platform screens.

1. Brand Clarity

Define what Go2Abroad stands for and how it should sound.

2. Design Discipline

Make logo, colours, typography, layouts and photo style consistent.

3. Trust Protection

Set rules for promises, claims, social media and student communication.

Core decision: Go2Abroad should feel premium, clear, honest and student-first — not loud, agent-like or overpromising.

Category

Overseas education counselling and student-mobility support

Primary Audience

Students and parents seeking transparent global education guidance

Brand in one sentence: Go2Abroad is a student-first overseas education guidance platform that helps students and parents make clearer, more responsible global education decisions — from counselling and university shortlisting to applications, visas, pre-departure, arrival and career readiness.

Market Context

Large Demand, Higher Anxiety

Indian student mobility remains huge. Families need clear guidance because rules, costs and visa outcomes keep changing.

UK Remains Important

UK data shows Indians were one of the two largest study-visa nationalities in the year ending June 2025.

Decision Quality Matters

The brand should compete on truth, fit, affordability, documentation quality and parent confidence — not hype.

📌 **Strategic implication for Go2Abroad:** The study-abroad category is crowded and trust-sensitive. The strongest brand position for Go2Abroad is not "we can send you abroad." It is: "we help you choose the right destination, course and pathway responsibly, with transparent support from counselling to career readiness."

Brand Diagnosis

Strengths

S1 — Strong Founder-Led Trust

Student stories and founder support are already a powerful credibility asset.

S2 — Clear Ecosystem Direction

The business is not just admissions — it includes counselling, finance, visa, travel, arrival, alumni and career support.

Gaps

G1 — Visual Consistency Gap

The current brand needs fixed rules for logo, colour hierarchy, typography, spacing and social templates.

G2 — Message Discipline Gap

Posts must avoid scattered promises. Every line should reinforce clarity, trust, student-first guidance and career outcomes.

Brand answer: Make every touchpoint feel clear, owned, truthful, prepared and supported.

Brand Strategy

The foundation for every message, design decision and student experience.

Core Brand Idea: Connecting Dreams

For Go2Abroad, "Connecting Dreams" should mean more than getting an admission letter. It means connecting a student dream with a responsible plan: country clarity, course fit, affordability, visa readiness, family confidence, arrival support and career preparation.

Brand mantra: A dream becomes real only when it has a plan, proof and people who take responsibility.

Purpose, Vision & Mission

Purpose

To make global education decisions simpler, more honest and more career-oriented for students and families.

Vision

To build a trusted global education ecosystem where students can plan, compare, apply, travel and succeed with confidence.

Mission

To guide each student with transparent counselling, responsible shortlisting, careful documentation and support beyond admission.

 **Founder belief:** A student should not feel confused, misled or alone at any stage of the overseas education journey. The Go2Abroad experience must create family confidence before departure and student confidence after arrival.

Positioning Statement

For students and parents who want overseas education without confusion, Go2Abroad is a transparent study-abroad guidance ecosystem that helps them choose, apply, prepare and settle with clarity — because the right journey needs more than a university offer.

Category Role

Study-abroad guidance platform, not a university owner

Differentiator

Zero student-fee mindset + unbiased matching + human-led support

Proof Style

Real student stories, trackers, checklists, webinars and founder accountability

Emotional Benefit

Family trust and student confidence

Functional Benefit

Shortlisting, applications, visa, finance, travel and career readiness

Brand Pillars

1. Trust

No misleading promises. Clear documentation, transparent timelines and honest eligibility guidance.

2. Clarity

Every student knows the next step, owner, deadline, document and risk flag.

3. Career

Course and country decisions are judged by employability, budget and long-term outcomes — not ranking alone.

4. Care

Support continues through visa, travel, arrival, settlement and alumni connections.

 **Brand proof rule:** Never publish a claim unless it can be backed by a real process, real student story, real checklist, real policy or real university/country information.

Who We Are Speaking To

AUDIENCE PERSONAS

Final-year student

Wants career uplift, affordability, part-time clarity and confidence.

Parent / guardian

Needs safety, cost, ROI, visa honesty and a reliable owner.

Small-town aspirant

Needs vernacular clarity, handholding and trust before payment decisions.

Graduation college

Needs structured career sessions, overseas exposure and student outcomes.

MBBS aspirant

Needs eligibility, budget, licensing clarity, country comparison and safety.

B2B partner

Needs backend support, process ownership, transparent student tracking and payout clarity.

BRAND COLOURS

REAL PEOPLE, REAL OUTCOMES

Photography & imagery

Photography direction:

- Use real student, campus, counselling, webinar, airport, graduation and alumni photos wherever possible.
- Prefer bright natural light, confident faces, clean backgrounds and authentic moments.
- Avoid AI faces, over-edited skin, fake luxury, random foreign campus photos without relevance.
- Show both students and parents when the message is about trust, budget and safety.
- For thumbnails, use one strong person/photo + one clear headline + Go2Abroad logo.

 **Image treatment:** Add a navy or teal overlay at 20-40% opacity when text sits on photos. Keep headline contrast very high. Use gold only for small premium highlights.

SHAPES, ICONS AND PATTERNS

Graphic language

Graphic principles: A connected journey line running through Profile, Course, Budget, Visa and Arrival stages.

Use rounded cards, journey lines, checklist blocks, dashboard-style labels and soft icon watermarks. The system should feel organized, calm and trustworthy — like a process map, not a poster crowd.

HOW EVERY CREATIVE SHOULD BE BUILT

Layout system

Instagram 4:5

Logo top, hook headline, proof/benefit, CTA bottom.

LinkedIn post

Strong headline, founder/proof image, 3-5 bullets, professional CTA.

WhatsApp status

One line message, large visual, phone/website small.

Web banner

Headline, subtitle, CTA, student photo, trust proof.

A decorative graphic on the left side of the slide, consisting of several overlapping, semi-transparent blue waves or ripples that create a sense of movement and depth.

Content System

Rules and templates for Instagram, LinkedIn, WhatsApp, website and campaigns.

@GO2ABROAD_

Instagram system

Proof

Visa/graduation/student success stories

Guidance

Country, course, visa, PTE/IELTS, budget explainers

Career

UK jobs, CV, LinkedIn, part-time awareness, alumni sessions

Trust

Founder videos, FAQs, no-false-promise posts

Campaigns

UK/Canada/Australia intake offers and webinars

Culture

Team, office, student calls, behind the scenes

📅 **Grid rhythm:** Weekly — 2 guidance posts + 1 student proof + 1 founder/reel + daily stories. Keep colours consistent and use real photos whenever possible.

FOUNDER + COMPANY AUTHORITY

LinkedIn system

Founder POV

A strong belief about student trust, career readiness or overseas education realities.

Event recap

What happened, why it mattered, speaker proof, student takeaway, thanks and CTA.

Student success

Profile, challenge, pathway, outcome, learning — with gratitude and real image.

Ecosystem post

Explain Go2Abroad as bridge/platform — university selection, visa, accommodation, career, alumni.

Myth breaker

Break myths like "UK has no jobs" with real guidance, not blind positivity.

Partner post

Thank universities, speakers, schools and team members with measurable context.

CONTENT PILLARS

Website & SEO system

Country pages

Study in UK/USA/Canada/Australia/Ireland/NZ/UAE with cost, eligibility, process, work rights and CTA.

Course pages

MBA, Data Science, AI, Business, Supply Chain, Law, Architecture, Nursing, Public Health and MBBS pathways.

Visa explainers

Checklist, funds, credibility interview, common mistakes and country-specific process.

Budget guides

Tuition bands, living cost, deposits, loan proof, scholarships and payment planning.

Student stories

Real journey, starting profile, challenge, university, visa, arrival and career learning.

Parent guides

Safety, accommodation, part-time rules, ROI, emergency support and timeline.

📌 **SEO tone:** Write for trust first, search second. Never copy competitor claims. Every page should answer: eligibility, cost, deadline, documents, risk, next step.

HIGH-TRUST MESSAGING

WhatsApp & lead nurture

New enquiry

"Hi [Name], welcome to Go2Abroad. To suggest the right country/course, please share your qualification, percentage, budget and preferred intake."

Follow-up

"Your profile review is pending. Once we receive [document], we can suggest best-fit options with budget and visa readiness."

Parent connect

"We would be happy to explain budget, safety, accommodation and visa process to your family before you decide."

Webinar invite

"Join our free session on [topic]. You will get real guidance on country, career, visa and next steps — no pressure, only clarity."

Post-counselling

"As discussed, your next steps are: documents, shortlist review, budget check and application timeline. We will keep your tracker updated."

Dormant lead

"Still planning abroad? Reply with UK / Canada / Australia / USA and we will send a fresh eligibility checklist."

 Build trust and increase conversions with personalized WhatsApp messaging at every stage of the student journey.

APPROVED BRAND LINES

Short Tagline

Connecting Dreams

Founder Line

We do not just help students reach a university. We help them prepare for life, career and confidence abroad.

Trust Line

No false promise. No confusing process. Just honest guidance and clear ownership.

Career Line

Choose a course that builds your future — not just a degree that sounds good.

Parent Line

A clear budget, a safe plan and a responsible team behind every decision.

Hindi/Hinglish

Sapna sirf admission tak nahi — career, confidence aur responsible future tak.

How the Brand Should Sound

tone of voice

Honest

Say what is possible, what is risky and what is pending.

Simple

Use words students and parents understand. Avoid heavy jargon unless needed.

Premium

Use calm confidence. Avoid shouting, clutter, too many emojis and cheap claims.

Human

Write like a responsible counsellor, not a bot or aggressive salesperson.

Career-aware

Connect every country/course decision to employability, budget and student growth.

Parent-friendly

Explain safety, cost, timelines and documentation clearly.

Never say: Guaranteed visa, guaranteed scholarship, guaranteed job, 100% admission, cheapest university without context, or anything that sounds like migration assurance.

A decorative graphic on the left side of the slide, consisting of several overlapping, wavy, light blue shapes that create a sense of movement and depth.

Visual Identity

Logo, colour, typography, photography and layout rules for consistent creatives.

Primary Assets

LOGO SYSTEM

Full-colour primary

Use on white or very light backgrounds.

Monochrome navy

Use where colour is restricted.

Reversed white

Use only on navy or dark backgrounds.

Logo Usage Rule

Use the complete full-colour logo for official communications.
Use the icon-only mark only for favicons, profile avatars, watermarks, small UI elements or repeated pattern backgrounds.

Logo Discipline

LOGO CLEAR SPACE & SIZING

Sizing Rules

- Minimum width for print: **35 mm** for full logo.
- Minimum width for digital: **150 px** for full logo, **42 px** for icon only.
- Keep logo sharp. Never stretch it to fill empty space.
- On photos, place the logo inside a white/blue panel or use white reverse on dark overlay.
- Do not place the logo on a busy student photo without contrast protection.

Clear Space Rule

Clear space = height of the "O" in Go2Abroad, around all sides.

Go2Abroad
Connecting dreams

Do Not Do This

LOGO MISUSE

Do not stretch

Never distort logo width/height.

Do not recolour randomly

Use approved colours only.

Do not add shadows

No heavy glow, bevel or 3D effects.

Do not crowd

Keep clear space around logo.

Do not place on noise

Avoid busy photos without a clean panel.

Do not replace wordmark

Do not type "Go2Abroad" manually beside the icon instead of using the logo.

 Protect brand consistency by using the Go2Abroad logo correctly and avoiding common branding mistakes.

REPEATABLE CREATIVE SYSTEM

Campaign framework

Intake campaign

Deadline + destination + service support + free counselling CTA.

Scholarship campaign

Eligibility + realistic scholarship guidance + document checklist.

Visa confidence

Common mistakes + checklist + mock interview + file review CTA.

Career pathway

Course + skills + alumni/job readiness + city/cost logic.

College seminar

Awareness -> parent connect -> career clinic -> university connect -> 1:1 roadmap.

Founder trust

Founder story + student-first belief + proof + invitation to connect.

Governance

Rules that protect trust, legal safety and creative consistency.

Promise guardrails

DO:

- Say: profile-based guidance, visa assistance, scholarship guidance, career readiness, accommodation support.
- Mention outcomes only when backed by real student proof or official university/process documents.
- Use disclaimers for scholarships, visa outcomes, jobs, fees and policy changes.
- Review all country/visa claims monthly because rules change.
- Keep original documents and student consent secure.

DO NOT:

- Do not say guaranteed visa, guaranteed scholarship or guaranteed job.
- Do not imply Go2Abroad owns universities or immigration outcomes.
- Do not use fake testimonials, AI faces or stock photos pretending to be real students.
- Do not compare competitors with unsupported allegations.
- Do not publish visa rules without checking official/latest sources.

Brand QA checklist

- Logo is sharp, not stretched, and has clear space.
- Colours follow the approved palette and look premium.
- Headline explains one clear benefit, not five mixed ideas.
- The design has enough whitespace and no unnecessary clutter.
- CTA is visible and specific.
- No unsupported claim, guarantee or misleading visa/job promise.
- Photo is real, relevant and ethically usable.
- Contact details: website, Instagram, phone and email are correct.
- Spelling is checked: Go2Abroad, Connecting Dreams, counsellor/counselor consistency by market.
- Student data, documents and faces are used with permission.

90-day rollout plan

Owner rhythm

Weekly brand review — top 5 posts, leads generated, student comments, content quality, claims compliance and design consistency.

Monthly refresh

Templates, FAQs and country policy content.
